

TOWN OF GLASTONBURY
REQUEST FOR QUALIFICATIONS
RPGL-2016-12
Hebron Ave Modern Roundabout Design
ADDENDUM NO. 1
September 9, 2015

The attention of respondents submitting proposals for the above-referenced project is called to the following Addendum to the specifications. The items set forth herein, whether of omission, addition, substitution or other change, are all to be included in and form a part of the proposed Contract Documents for the work. Respondents shall acknowledge this Addendum in the Proposal Response Page by inserting its number in Attachment A.

Question 1. *Regarding the SF330: Does the Town want a full SF330, Parts I & II or just Part II? Also, does the Town need Part II for the Sub-Consultants?*

Answer Please complete both parts. If sub consultants are involved, they should provide the same form for the sub consultant as well.

Question 2. *Has any further determination been made pertaining to the DBE, SBE, MBE, SBPPP project goals? The assumption is that should the Town choose to follow an SBPPP program that responding firms which are not SBE's would be disqualified. Is that correct?*

Answer No further determination has been made. If in fact, project goals of this nature are instituted, past experience indicates that the goal would typically encompass a small percentage of the overall project scope. Thus, a chosen Consultant can normally meet stated goals by retaining a qualified and certified sub consultant for a portion of the work
