

New Public GIS

No Silverlight Required

HTML5 version works with PCs and Mobile devices like Smart Phones and Tablets.

<https://gis.glastonbury-ct.gov/Html5/Index.html?viewer=public>

or you can use this QR Code:

Menus and User options change with the type of device used.

The Silverlight version is more complete and has all the tools you've become accustomed to; but if Silverlight gives you agita, or is not supported by your favorite browser this is an alternative to get access to the same data.
