The attention of bidders submitting proposals for the above-referenced project is called to the following Addendum to the specifications. The items set forth herein, whether of omission, addition, substitution or other change, are all to be included in and form a part of the proposed Contract Documents for the work. Question 1: *Please provide the bid results and current rates.*

Answer: Please see attached.

Question 2: *Attachment 1, Refuse Collection Schedule-95 Gallon Carts, and attachment 2, Recycling Collection Schedule-95 Gallon Carts, shows monthly fluctuations in the number of carts in use at several sites. How are the changes in quantity handled from one month to another?*

Answer: Under the existing contract, the Town adjusts the number of carts deployed at each location with its own staff. When fewer carts are needed, the surplus are moved to storage. When more are needed, units are moved from storage and placed into service. Town staff coordinate the movement of the units with the pick-up schedule. The Town is open to reviewing and developing a mutually acceptable arrangement with the selected contractor.
