Riverfront Senior & Community Center located here today.

Road relocation allowed for the two Town-owned parcels to be joined and the formation of a 126 acre contiguous riverfront area for the park.

The Glastonbury Boathouse is now located here, which completed the final phase of the Riverfront Park project and created linkages to the Riverfront Community Center (created in earlier project stages), neighboring town facilities, and the town center.

Phase I area of Riverfront Park Project-athletic fields now located here.
