

**JUNE 16, 2020 SPECIAL TOWN COUNCIL MEETING**

**PUBLIC COMMENT:**

First Name	Last Name	Street Address	Comments
C. J.	Mozzochi, Ph.D.	227 Hebron Avenue	<p>The Council should reject out of hand the proposed teacher contract! For several years the percent increase in the consumer price index has been very close to 1%, but for some teachers the proposed contract will give them a 3% increase/year, and all teachers will get at least a 2% increase/, and this is totally outrageous and totally unacceptable and it should not be allowed! A few weeks ago I published a Letter to the Editor in the Citizen, in which I outlined in precise detail the Town Charter requirements for citizens to force a referendum on the budget., and I stated that if the Town officials to not immediately take steps to stop the totally out of control spending by the BOE, I was going to form a group to petition the budget to referendum each and every year; until Town officials so. So far 12 citizens have expressed the desire to join the group. I put the Council on notice: If the Council approves this proposed contract, then we are going to proceed as stated; although it may be too late to do so this year!</p>
