RE: Approved Wetlands Regulated Activity at 100 Nutmeg Lane

Dear Mr. Giesow:

Pursuant to Section 12 of Glastonbury's Inland Wetlands and Watercourses Regulations, you are hereby approved to construct a **20-foot by 30-foot pavilion in the wetlands' upland review area** as represented by the plot plan submitted to our office. This approval is contingent upon **your responsibility**:

1. **to publish this approval (one time) in a newspaper** that circulates in Glastonbury within 10 days of the date of this approval letter to you; and
2. **to await a 15-day appeal period** (15 days from the date of newspaper publication) before **starting construction** within the upland review area.

Failure to comply with these requirements will automatically nullify this approval and maintaining your activity would constitute a wetlands violation.

Attached for your consideration and potential use is a draft public notice advertisement that needs to be published once by you in a newspaper that circulates in Glastonbury.

Please call (860) 652-7511 to advise us when the notice is to appear and in what newspaper, or if you have any questions.

Sincerely,

Jonathan E. Mullen, AICP
Planner
