C. J.	Mozzochi, Ph.D.	227 Hebron Avenue	<p>For the past several years the taxpayers have been paying the totally outrageous rent of over \$420,000 per year for the BOE office space, of which rent approximately \$125,000, for the past two years, was for empty space! There have been very many BOE financial abuses, but that one is by far one of the most outrageous, second only to the totally outrageous, well over a quarter-million-dollars salary paid to Dr. Bookman. It is time, long overdue, to put an end to this financial fiasco, and to obtain a separate Town-owned building for the BOE office. Councilman Cavanaugh brought this matter before the Council recently. Hopefully, he will persist in his efforts because very soon the lease will come up for renewal. During the 2019-20 fiscal year the BOE realized a surplus of \$917,650. This is outrageous! Each year the surplus gets larger and larger. The Council and the BOF should demand that the BOE submit more accurately calculated budgets. Also, the Council should rescind the ruling that that surplus does not have to be returned to the general fund each year. It would be most helpful if other citizens would address the Council on these matters and on the many other financial abuses by Dr. Bookman and the BOE. C. J. Mozzochi, Ph.D.</p>
