

Glastonbury residents,

To help keep alcohol away from minors- the local prevention council GCAP has purchased liquor stickers which are used to date and seal any open bottles of alcohol.

We have purchased additional Deterra bags which are used to safely dispose unused medications at home.

These items can either be mailed to your home or we can arrange a pick up date at Youth and Family Services.

Please contact the substance abuse prevention coordinator Mirela Mujcinovic at Youth and Family Services.
