

TOWN COUNCIL REGULAR MEETING: JANUARY 26, 2021

PUBLIC COMMENT

**First Name Last Name Street Address** **Comments: Per Council rules and procedures, please limit comments to what can reasonably be read to the meeting record in three (3) minutes or less. Please be mindful that this form is for public comment only. Please direct questions/general inquiries to Council members directly.**

Jeffrey	Stein	142 Olde Stage Rd.	(Note: I am submitting on this form after 2 PM day before meeting as agenda was just emailed 12:38 PM today.) I am writing on behalf of BikeWalk Glastonbury regarding the sidewalk matrix discussion on tonight's agenda. The Main St. Phase III sidewalk and a crosswalk with pedestrian signal at Main St./Route 17/Buttonball Lane will provide improved connections to and between the recently completed Main St. sidewalks. The Bell St. and Gateway area sidewalks will improve connections to and between the Bell St./Smith School and Western Blvd./House St. paths. Funding the small connection between Overlook Rd. and Buttonball Lane would provide a link from the Overlook Rd. neighborhood to the Main St. sidewalks both north and south of Buttonball/Rt. 17. Adding a sidewalk on the east side of House St. would improve safe access to the new multi-use trail. We suggest the Council prioritize as much of these projects as possible to continue Glastonbury as a bicycle- and pedestrian-friendly community.
