

Dear Planning & Zoning Committee,

Sabrina Pools Inc. is requesting variance to section, 7.1.2.B.F, for the home at 7 Medford Street, Glastonbury, CT, 06033. This pool is located within 5 feet of the side yard line and 8 feet of the rear yard line. Again, the hardship with this pool is that the homeowner has no other place to place it, due to the placement of the shed and sheer narrow size of the lot. The homeowner will also be erecting a 6 foot stockade fence on the rear property line, so that the abutting neighbor will not be able to see the aboveground pool.

Sincerely,
Jonathan Casado
