C. J.	Mozzochi, Ph.D.	227 Hebron Avenue	I hereby demand the immediate removal of Richard Johnson as Town Manager because (1) of the totally incompetent and totally biased -against-women decision he made concerning the promotion of Officer Shubert, which resulted in her receiving a \$130,00.00 settlement of her Federal Court discrimination suit. (2) because he blatantly violated the FOIA by delaying my request for documents concerning her suit for almost three months. If these comments are not read at the May 11th meeting, I shall add a count to my forthcoming Federal Court discrimination suit against the the Town and various town officials.
