

Wells-Turner Memorial Library

Glastonbury, CT

FF&E Specifications by Item

General Notes :

Note: This is part of a larger project in which the remaining items will be purchased via State Contract.

Reference Drawings: Furniture Plans F1.01 & F1.02

- 1) FF&E "Specification by Item" provides complete product information and room locations. All images shown are for reference only and may not be precise representations, Vendors shall abide by written specifications. See drawings for locations and configurations as necessary.
- 2.) Vendors are asked to notify Architect of any inconsistencies found in the specifications/drawings and to request clarification.
- 2) Locking files and storage are to be keyed alike by workstation (if there are more than one in a room) or by room. File banks shall each be keyed alike. Provide 3 Master Keys to Owner.
- 3) Provide and install all necessary hardware and fasteners for all storage units, library stacks, office desking and other equipment for safe and secure installation per authorized code jurisdictions and proper function.
- 4) All file cabinets require counter balances except where installed below a shared top or otherwise attached.
- 5) Preinstallation meeting shall be required of all Vendors.
- 6.) Vendor is responsible for verifying measurements in the field as necessary for proper ordering and installation.

ADA & CODE COMPLIANCE NOTES

In order to meet the needs of persons with disabilities, when applicable all items shall comply with the 2016 Connecticut State Building Code including 2009 ICC/ANSI A177.1, Section 504 Rehabilitation Act 1973 including the Uniform Federal Accessibility Standards (UFAS) and 504 Regulations, and Americans with Disabilities Act Title II including Americans with Disabilities Act (ADAAG) and ADA Regulations. Accessible Knee & Toe Clearance shall be a minimum of: 30"W, 27"H (24"H Child), and 19" Deep. The "items" shall include, but are not limited to Fixtures, Furnishings, Equipment, and Workstations, (including Built-ins).

Compliance with the 2016 Connecticut Fire Safety Code and current O.S.H.A.-Title 29/Labor is also required *when applicable*.

SECURE ATTACHMENT OF FF&E AND TECHNOLOGY ITEMS

To ensure proper attachment of Fixtures, Furnishings & Equipment items, including any Technology items, where "items" are attached to wall, ceiling, overhead structure, and/or floor, Contractor shall provide information adequate for architect to verify items, attached to wall, ceiling, and/or floor are attached securely and per manufacturer's recommendations. Architect's review may be implemented during submittal process.

Contractor shall provide struts, hangers, fasteners, safety harnesses, channels, bolts, screws, rods, etc. to securely attach items to existing structure as required to meet field conditions and meet applicable codes.
