Memo

November 16, 2021

To: Richard J. Johnson
Town Manager

Fr: Wendy S. Mis *WSM*
Director of Health

Re: COVID-19 update

Numbers in (parentheses) indicate change from previous week.

As per CT Department of Public Health (CT DPH) lab testing data available 11/13/21:
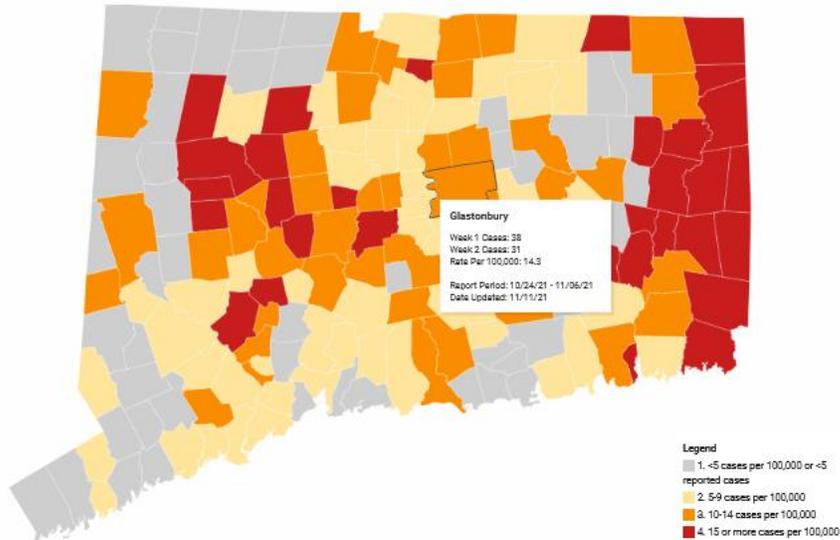

- 28,259 residents have been tested for COVID-19 (+165)
- Of the 28,259 residents tested, 2,776 (+38) have laboratory confirmed positive and probable cases of COVID-19
- Deaths are recorded using information from the Office of the Chief Medical Examiner. Two deaths were recorded this week, bringing the loss of Glastonbury residents to 108 people (+2).
- By gender, a total of 1,439 female (+23) and 1,337 male (+15) positive cases have been reported.

The graph below shows a count of residents with confirmed positive and probable cases and COVID-19 related deaths in approximate one-month timeframes beginning in March 2020.   *Notes: COVID-19 deaths are depicted on a secondary Y axis with a separate (right hand) scale. The last column represents data from 10/31 – 11/13 only.*

CT DPH's COVID-19 Town Alert System map, updated weekly, shows positive cases per 100,000 population using a 14 day average.   Using a color coded system of grey (<5 cases), yellow (5 – 9 cases), orange (10 – 14 cases), and red (15 or more cases), viewers can understand at a glance the occurrence of cases statewide. Only cases among persons living in community settings are included in this map; the map does not include cases among people who reside in nursing home, assisted living, or correctional facilities.

Town Map
Average Daily Rate of COVID-19 Cases Among Persons Living in Community Settings per 100,000 Population By Town

Glastonbury

Week 1 Cases: 38
Week 2 Cases: 31
Rate Per 100,000: 14.3

Report Period: 10/24/21 - 11/06/21
Date Updated: 11/11/21

Legend
1. <5 cases per 100,000 or <5 reported cases
2. 5-9 cases per 100,000
3. 10-14 cases per 100,000
4. 15 or more cases per 100,000

This map shows the average daily rate of new cases of COVID-19 by town during the past two weeks. Only cases among persons living in community settings are included in this map; the map does not include cases among people who reside in nursing home, assisted living, or correctional facilities.
Map: Ver 5.18.2021 - Source: CT Department of Public Health - Embed - Download Image - Created with Datawrapper
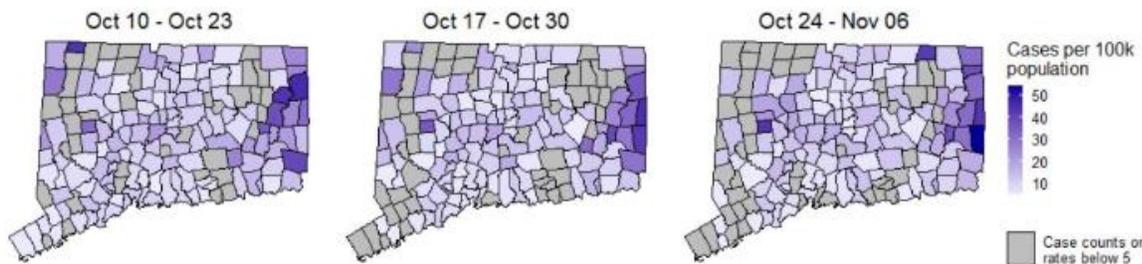

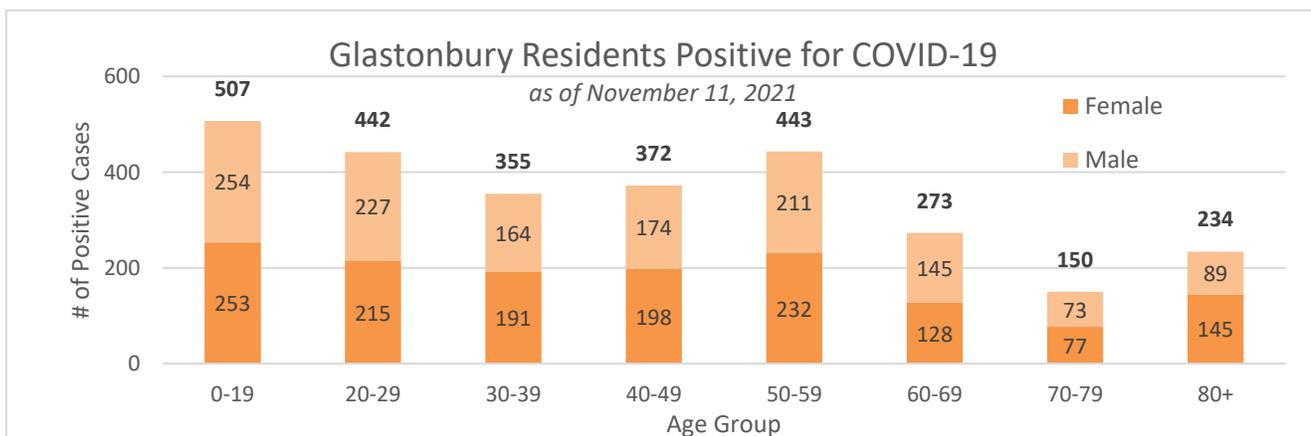

- Glastonbury is currently shown in orange at 14.3 reported cases per 100,000 (-0.2).

- The most recently updated map, dated November 11, shows thirty one (+0) cities and towns have 15 or more cases per 100,000 population.

The graphic below shows the average number of new cases per 100,000 population per day. Darker colors indicate towns with higher rates. Towns in dark grey have less than 5 cases per 100,000 population per day. New cases in nursing homes, assisted living or correctional facilities are not included.

The cumulative number of Glastonbury cases by age group and gender is shown in the chart below.

Glastonbury Residents Positive for COVID-19
as of November 11, 2021

■ Female
■ Male

# of Positive Cases

Age Group	Total	Male	Female
0-19	507	254	253
20-29	442	227	215
30-39	355	164	191
40-49	372	174	198
50-59	443	211	232
60-69	273	145	128
70-79	150	73	77
80+	234	89	145

Glastonbury vaccination status:

Every week, the percent of partially and fully vaccinated Glastonbury residents increases. Data from 11/11/21 (below) shows the percent of all fully vaccinated Glastonbury residents that are eligible for vaccination (aged 12 and over) is 87.57%.

Age group (yrs)	Percent fully vaccinated*
12 - 17	77.14
18 - 24	93.16
25 - 44	86.66
45 - 64	80.91
65+	100
Average of fully vaccinated Glastonbury residents (12 years of age and over)	**87.57**

*Fully vaccinated is 2 weeks after the last shot in the vaccination series

Town mask mandates:

In the absence of a statewide mask mandate, several towns have put in place a mask mandate for all public indoor spaces. Several nearby Hartford County towns have mask mandates. The number of COVID-19 cases per 100,000 is indicated below per town. The change from the previous week is in parentheses. **With the discontinuance of mask mandates in Glastonbury and other nearby towns, this portion of the report will be suspended.

	Cases per 100,000 as per 11/11/21	Status of Mask Mandate
East Hartford	10.5 (-2.5)	Discontinued
Hartford	7.4 (-2.7)	Discontinued
Manchester	10.3 (-0.5)	Discontinued
Rocky Hill	5.0 (-3.2)	Discontinued
South Windsor	7.9 (-0.8)	Discontinued
West Hartford	6.0 (-0.5)	Discontinued
Glastonbury	14.3 (-0.2)*	Discontinued

* This data represents the eighth consecutive week of community cases below 15 cases per 100,000 population. Glastonbury's mask requirement was discontinued October 1.

COVID-19 vaccination and booster clinics

The Town of Glastonbury will hold two COVID-19 vaccination clinics this month for those ages 18 years and over, to provide first and second dose vaccination and booster doses.   Both clinics will be held at the Riverfront Community Center, 300 Welles Street, Glastonbury and appointments are required. Individuals needing transportation should connect with Dial-a Ride at 860-652-7643 no later than 11am the day prior to vaccination appointment.

Receiving a booster vaccination at either of these clinics will provide full protection by the December holidays.

Monday, November 29th from 1:30 – 5:30pm
Hartford HealthCare will be administering the vaccinations.
Please click on one of the links below to make an appointment based on your current vaccination status:

Dose 1:
https://opensched.mychartplus.org/opensched/SignupAndSchedule/EmbeddedSchedule?id=1179159&dept=101141206&vt=4988

Pfizer Dose 2 & 3:
https://opensched.mychartplus.org/opensched/SignupAndSchedule/EmbeddedSchedule?id=1179160&dept=101141206&vt=5990

Moderna Dose 2 & 3:
https://opensched.mychartplus.org/opensched/SignupAndSchedule/EmbeddedSchedule?id=1179161&dept=101141206&vt=5990

Tuesday, November 30th from 1 – 5:30pm
East Hartford Health Department will be administering the vaccinations.
Appointments for this clinic can be scheduled by calling Glastonbury Health Department at 860-652-7534.

Photo ID and proof of prior vaccination will be required for those receiving second doses and booster shots. Masks/face coverings are required regardless of COVID-19 vaccination status.

Please call the Glastonbury Health Department at 860-652-7534 with questions.
