Re: Proposed Townhomes
2610 Main Street
Glastonbury, CT

Dear Jon,

Please find the attached submission materials for the proposed Townhomes at 2610 Main Street. The proposal is to construct 10 units within 2 buildings. The main portion of the existing house will remain and be remodeled into two units (one on the first floor and one on the second) with additions on the north and south sides consisting of 3 more units. The building in the rear will be three stories (drive under garages on the ground level with two stories of living space above) and consist of 5 units.

Please schedule this item for informal discussion at your next available TP&Z meeting. If you have any questions or comments please call.

Sincerely,

Jonathan M. Sczurek, P.E.
