If you prefer to renew by mail, or in-person at Town Hall, you are welcome to do so.

NEW TOWN PERMITTING SYSTEM LAUNCHING MAY 9TH

Glastonbury is in the process of launching a new cloud-based permitting system called OpenGov ViewPoint. The new platform will go live on Monday, May 9th. Before the launch, the Town will have a brief "blackout period" and will not accept any new permits/applications between Thursday, May 5th, and Sunday, May 8th. This essential window will allow the Town the opportunity to migrate data from the current system (CitySquared) to the new system.

OpenGov will offer a number of benefits for community members looking to apply for a license or permit with the Engineering, Building, and Health Departments including:

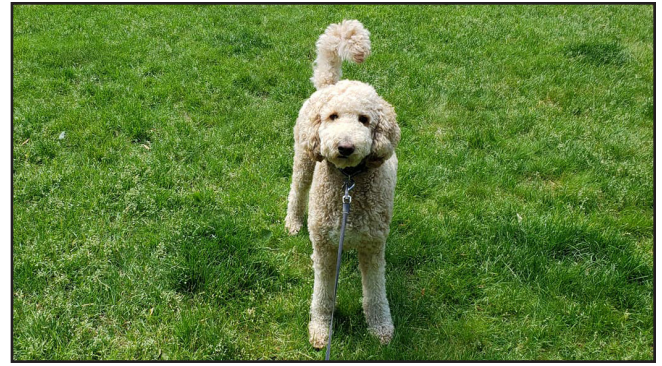

- enhanced search capabilities
- application tracking
- improved accessibility
- additional payment method options

As with any new technology system of this magnitude, there will be a bit of a transitional period, and the public's patience is appreciated as we work to improve Town systems.

HOMEOWNER'S TAX RELIEF APPLICATION DUE MAY 13

The Homeowners Tax Relief program is available to Glastonbury homeowners who turned 65 prior to Dec. 31, 2021 and whose 2021 income was \$60,520 or less.
