

**FORMAL ACTION #1
JUNE 16, 2022 MEETING**

**DRAFT MOTION
INLAND WETLANDS AND WATERCOURSES AGENCY PERMIT**

MOVED, that the Inland Wetlands and Watercourses Agency grants an inland wetlands and watercourses permit to the Town of Glastonbury for road drainage improvements to Ash Swamp Road in the vicinity of the intersection with Weir Street, in accordance with plans entitled “Plans Depicting Proposed Drainage for Ash Swamp Road, Dated March 7, 2022, Revised June 9, 2022” 3 Sheets, and in compliance with the following stipulations:

1. Permittee shall properly install and monitor the sediment and erosion controls and maintain stabilization measures for the duration of the work. If work is expected to exceed seven days, the Permittee shall inspect the sediment and erosion controls and stabilization measures a minimum of once a week and within 24 hours prior to a forecasted rain event, and within 24 hours of the end of a weather event producing a rainfall amount of 0.5 inch or greater, to be conducted throughout the construction phase and until the site is vegetatively stabilized.
2. The appropriate seed mix, as defined by the 2022 Connecticut Erosion and Sediment Guidelines shall be applied upon final grading. The north side of Ash Swamp Road shall be stabilized with straw, hay bales, and any other measures deemed appropriate by town staff to ensure the prevention of erosion of soil into the roadway, until the site is vegetatively stabilized.
3. The permit is valid for 5 years from date of issuance, and shall expire on June 16, 2027.
