## Health Department

# Memo

July 26, 2022

**To:** Richard J. Johnson  
Town Manager

**Fr:** Wendy S. Mis *WSM*  
Director of Health

**Re:** COVID-19 update

Connecticut Department of Public Health (CT DPH) has recently revised how COVID-19 data is presented. Publicly available datasets previously used to populate charts and graphs for Glastonbury's weekly COVID-19 reports are no longer available, and data from the new systems are not directly comparable to old systems. An archive of DPH data can be found [here](#). Previous Glastonbury reports can be found on the Town website [here](#).

This report contains data from laboratory-confirmed results. At home tests are not included in this data, so information and graphs demonstrate trends rather than a full accounting of cases. Numbers in (parentheses) indicate change from the previous week.

As per CT Department of Public Health data collected 7/26/22:

- A total of 128,028 tests were administered to Glastonbury residents for this report week. (+432)
- Of the 128,028 tests administered, 6,799 are laboratory positive NAAT cases. (+51)
- No additional deaths were recorded this week. The loss of Glastonbury residents remains at 119. (+0)

Test positivity is calculated as a rolling 7-day test positivity by specimen collection date; all positive molecular ([PCR/NAAT](#)) test results are divided by all molecular (PCR/NAAT) test results (positive and negative) for the last 7 days and multiplied by 100 to reach a percentage. Results are shown below for Glastonbury, Hartford County, and the state of Connecticut overall.

### COVID-19 vaccination clinics

#### \*CLINIC FOR 6 MONTHS AND OLDER ON WEDNESDAY JULY 27\*

The Town of Glastonbury is hosting the Griffin Health Yellow Van to provide no-cost COVID-19 vaccines to everyone 6 months of age and older on **\*Wednesday, July 27 from 3:30 to 6:30 pm at the Addison Pool**, 76 Addison Road. No appointments are necessary. J&J, Moderna, and Pfizer vaccines will be available. View Glastonbury social media or contact [Christine.Gacek@Glastonburyct.gov](mailto:Christine.Gacek@Glastonburyct.gov) for more information. Additional clinics can be found by going to [www.vaccines.gov](http://www.vaccines.gov) and entering the zip code for the search area.

### COVID-19 Testing locations

2-1-1 of Connecticut has an online site to search for COVID-19 testing. Users may refine their search by zip code, type of test and key demographics of individual to be tested.

[http://www.211ct.org/search?page=1&location=06033&taxonomy\\_code=11048&service\\_area=glastonbury](http://www.211ct.org/search?page=1&location=06033&taxonomy_code=11048&service_area=glastonbury)

### COVID-19 at-home test kits

Every home in the U.S. is eligible to order four (4) free at-home COVID-19 test kits (for a total of 8 rapid antigen tests). The tests are completely free. Orders will usually ship in 7-12 days. Tests can be ordered at <https://www.covidtests.gov/>

*Data for this report is gathered from publicly available data at <https://data.ct.gov/stories/s/COVID-19-data/wa3q-tfvc/>. Test positivity is calculated as a rolling 7-day test positivity by specimen collection date; all positive molecular ([PCR/NAAT](#)) test results are divided by all molecular (PCR/NAAT) test results (positive and negative) for the last 7 days and multiplied by 100 to reach a percentage. All data are preliminary and subject to change. Data from previous dates are routinely updated. CT DPH data reporting changes have been summarized and can be read [here](#).*
