How many users are required for system access?  Answer:  We anticipate 8 users, 5 at Smith Middle School and 3 at Gideon Welles School. These include off site access.  4. Question:  Are there plenums?  Answer:  All wiring shall be plenum rated.  5. Question:	A panic alarm is not required.	
Answer: We anticipate 8 users, 5 at Smith Middle School and 3 at Gideon Welles School. These include off site access.  4. Question: Are there plenums? Answer: All wiring shall be plenum rated.  5. Question:	3. Question:	
We anticipate 8 users, 5 at Smith Middle School and 3 at Gideon Welles School. These include off site access.  4. Question:  Are there plenums?  Answer:  All wiring shall be plenum rated.  5. Question:	How many users are required for system access?	
include off site access.  4. Question: Are there plenums?  Answer: All wiring shall be plenum rated.  5. Question:	Answer:	
Are there plenums?  Answer:  All wiring shall be plenum rated.  5. Question:		ese
Answer: All wiring shall be plenum rated. 5. Question:	4. Question:	
All wiring shall be plenum rated.  5. Question:	Are there plenums?	
5. Question:	Answer:	
	All wiring shall be plenum rated.	
What is the communications between schools?	5. Question:	
	What is the communications between schools?	

The schools are connected via point to point T-1 lines

**Answer:** 

6. Question:
Are switches included in project?
Answer:
All proposed systems are required to include all necessary components. The Board of Education uses HP Pro Curve throughout the district. There is no available switch space, so they shall be provided by contractor if required by the proposed system.
7. Question:
Is removal of existing cabling included?
Answer:
Yes, removal of entire existing system is included in project if not being used with the new system. Town/BoE has right of first refusal for all removed items.
8. Question:
Are there spare fibers between the data rooms.
Answer:
Yes, spare fibers are installed between data rooms and available for contractor use.
9. Question:
What cameras are required?
Answer:
Minimum performance for cameras: meet or exceed the performance of Sanyo VCC-4794 Super High Resolution Day/Night Camera
10. Question:

What is the bandwidth available to the Police Department?

**Answer:** 

3 Mbps

## 11. Question:

Does the Town desire an IP based video surveillance system?

#### Answer:

The Town has not specified IP system but will consider all options.
