

TOWN OF GLASTONBURY
INLAND WETLANDS AND WATERCOURSES AGENCY
APPLICATION FOR PERMIT, *revised January 12, 2022*

Instructions:

1. The Agency and the applicant may hold a pre-application meeting to examine the scope of a proposed regulated activity or to determine if the proposed application involves a significant activity.
2. Any person intending to undertake a regulated activity shall apply for a permit by completing the applicable parts of this 11 (11 includes State form) page application form (consisting of parts A, B, C & D).
3. For the purpose of this application:
 - a. "applicant or person" means any person, persons, firm, partnership, association, corporation, company, organization or legal entity of any kind, including municipal corporation, governmental agency or subdivision thereof; and
 - b. refer to the Town's Inland Wetlands and Watercourses Regulations for further clarification and guidance with respect to the standards and criteria used for application evaluation.
4. Nine (9) copies of all applicable completed application materials shall be submitted unless otherwise directed in writing by the Agency or its designated agent.
5. Indicate which of the following circumstances fit this application and comply with the following referenced application requirements:

<u>circumstances</u>	<u>check</u>	<u>requirements</u>
application for regulated activity	✓	complete Part A
application also involves subdivision or special permit	—	complete Part B
application involves a significant activity	—	complete Part C
renewal or extension for or amendment to an issued permit	—	complete Part D

6. Applicant's name: **Daniel Pennington P.E., Town Engineer/Manager of Physical Services**
7. Address or descriptive location (e.g. north side of Neipsic Rd. - 1,000 feet westerly of intersection with Strickland St.) of proposed regulated activity:
An intermittent watercourse was identified along Bell Street at the Bayberry Road intersection on property of #285 Bell Street. A second intermittent watercourse was identified on the west side of the road with and associated pond on the east side of the road, it was located approximately 300' north of the northerly Somerset Road intersection at #408 Bell Street.
8. Title of project: **Bell Street Sidewalks**

TOWN OF GLASTONBURY
INLAND WETLANDS AND WATERCOURSES AGENCY
APPLICATION FOR PERMIT

Part A (continued)

- o. a location map at a scale of 1 inch = 2,000 feet identifying the geographical location of the property involved **See attachment B**
- p. a map at a scale of 1 inch equals 100 feet identifying the geographical location of the property to be affected by the proposed activity, adjacent lands, adjacent regulated areas, such upstream and downstream areas as may be identified by the Agency or its designated agent, and other pertinent features including, but not limited to, existing and proposed property lines, roads and drives, existing buildings and their utilities, topography, soil types from the published soil survey, the limits of inland wetlands, watercourses and conservation buffer areas, existing and proposed lands protected as open space or by private conservation easements, and types of vegetative cover **See attachments C & D**
- q. a site plan at a scale that provides sufficient detail showing existing and proposed conditions, including maximum building areas, in relation to regulated areas and measures proposed to mitigate the potential environmental impacts **See attachment E**
- r. a title block and legend of symbols used for each plan or map indicating the name of the project, landowner and applicant, name and signature of the person preparing the plan or map, date prepared and subsequent revision dates, and scale
- s. certification as to each of the following:
 - (1) Is any portion of the wetland or watercourse (on which the regulated activity is proposed) located within 500 feet of the boundary of an adjoining municipality? ____ yes no
name of town(s):
 - (2) Will traffic (attributable to either construction activities or to the completed project on the site) use streets within the adjoining municipality to enter or exit the site? yes no
name of town(s):
 - (3) Will sewer or water drainage from the project site flow through and affect the sewage or drainage system within the adjoining municipality? ____yes no
name of town(s):
 - (4) Will water runoff from the improved site affect streets or other municipal or private property within the adjoining municipality? ____yes no
name of town(s):
- t. if yes to the aforementioned q.(1) , then provide documentation (copy of return receipts) that the applicable adjacent municipal wetland agencies were duly notified pursuant to the regulations
- u. copy of the STATEWIDE INLAND WETLAND ACTIVITY REPORTING FORM (attached) with all applicable sections completed by the applicant **See attachment F**
