

TOWN COUNCIL MEETING: OCTOBER 10, 2023

PUBLIC COMMENT

First Name	Last Name	Street Address	Comments: Per Council rules and procedures, please limit comments to what can reasonably be read to the meeting record in three (3) minutes or less. Please be mindful that this form is for public comment only. Please direct questions/general inquiries to Council members directly.
Julie	Thompson	252 Bluff Point Road South G	I'm writing with regard to the proposed mural project being considered by the Town Council. I look forward to hearing discussions and community conversations regarding the location and persons represented. We know that Glastonbury can and should be an inclusive place to live and work and I hope that this mural will be a representation of our commitment to being a town which welcomes and respects all of our residents. I welcome and appreciate the comments of all community members as we strive to create the most impactful tribute. Thank you.
Sean	Ring	157 Deerfield Drive	The nerve of Councilman Cavanaugh! This might come as a surprise to him but he does not get to be the arbiter of how a person of color feels about being in a majority white town. Maybe next time he claims to be so offended by the term "whitewashed", he can instead listen to the actual lived experiences of a person speaking so he could actually learn something before lashing out so ignorantly. His comments were so inflammatory they seemingly blew the buttons off Councilman Cavanna's shirt.
