

TOWN COUNCIL MEETING: APRIL 23, 2024

WRITTEN TESTIMONY: PUBLIC HEARING - MAJOR AMENDMENT TO SOMERSET SQUARE PAD & FLOOD ZONE - 330 NAUBUC AVENUE

First Name	Last Name	Street Address	Written Testimony: Per Council rules & procedures, testimony at public hearings is limited to 5 minutes. Please limit your written testimony to what can be reasonably read to the record of the public hearing in 5 minutes.
Scott	Timko	605 Chimney Sweep Hill Rd	We give our full support for the proposed relocation and expansion of Damato Chiropractic. Dr. Nick has been a trusted caregiver to our family for years. The expanded space and addition of a hydro spa will further the teams ability to provide wholistic care, and greatly benefit the residents of Glastonbury.
Leslie	Golemba	894 Neipsic Road	I want to state my support for the proposed work at 330 Naubuc and the expansion of Damato Chiropractic, to include a new hydro spa circuit. Given the lack of this type of wellness service in the area, it will fill a need for many who seek better treatment alternatives for general wellness and chronic care needs. Further, the current building as it stands has been vacant and lacks the level of curb appeal desired and expected in our town. Supporting the continued growth of a local business designed to help the needs of others is exactly the type of business I will put my support behind and what we should all support in this community. The proposed work by Damato Chiropractic is a win for the health of our town, both personal in wellbeing and for the aesthetics of our community. I am a 100% proponent of the proposed work at the 330 Naubuc site.
Lorrie	Ferlan	151 Eastbury Hill Rd, Glastonbury, CT 06033	Nick and Mary Damato are successful and well-respected business owners of Damato Chiropractic and Glastonbury Massage already located in Glastonbury. They continue to focus on our health as they expand and grow their business while bringing their vision to life by adding a cutting-edge therapy to our thriving town. Let's welcome Immerse, a Hydro Spa experience. They have already proven themselves to be a benefit to our town, so we don't have to wonder about their ability to thrive with this expansion. Once you're here to experience something you'd normally travel a few hours away to find, you'll be supporting other local businesses along the way as you round out your experience in town. All businesses benefit from each other and something as dynamic as their new hydro spa will be a feather in the cap for Glastonbury.
Robert	Abate	17 School St	Very excited about the proposed updates to the 330 Naubuc location. The building will be so much more aesthetically pleasing, and will greatly elevate the look of that area. Also very excited about the expansion of Damato Chiropractic as a staple in this town, a great small business and health care provider. The proposed hydro spa is going to be a huge hit for years to come, and is something Glastonbury has needed.
Steve	LeTourneau	24 Candlelight Drive	Nick and Mary have established a very successful business here in Glastonbury. A business that is utilized by hundreds of people in the community. The services performed by their office/practice help people live a better life and I can speak first hand because I am in fact a patient of their office and it's done wonders for my mobility. In regards to this new building, they want this to be a staple in the community, a household name, as well as be compliant with the town's rules and regulations. I know that whatever is required of them will be followed to the utmost degree. You could not find two more hardworking, compassionate and driven Individuals that want nothing but to succeed in their new endeavor. I wish them the best of luck

Nathan	Bashaw	271 Dayton Rd, Glastonbury, CT	I support the proposed changes and expansion of Damato Chiropractic and their new hydro spa.
Ryan	Kelly	1726 Manchester Rd.	To whom it may concern, I am writing to show my support for Damato Chiropractic Center and their future endeavors on Naubuc Avenue. Nick and Mary Damato are loyal Glastonbury residents, parents, and business owners. Not only have they grown their business to be incredibly successful, but they've done so while serving and supporting their community. I strongly support the expansion of their business as it can only continue to help their personal and community goals. I can't wait to see the expansion of Damato Chiropractic. Ryan Kelly
Matt	Mund	74 Founders Rd, Glastonbury	My name is Matt Mund and I am a resident and business owner for over 15 years in Glastonbury. I own a fitness/wellness company and have made it my mission to help the community and members become healthier through fitness and education. I am very much in favor of the expansion Damato Chiropractic, as well as the addition of the hydrospa. I believe the more awareness and resources that we can provide the town and surrounding communities the closer we come to changing the current direction in which our health is trending. Less fast food/toxic food choices and MORE holistic health options!
Lin	Moctezuma	730 hebron avenue	I am writing as a business owner in town in favor of the proposed new business coming to 330 Naubuc. I strongly support the proposed changes and as a business owner I'm excited for the expansion of Damato Chiropractic, as well as the addition of the hydrospa! This will be a great addition to the town.
Bill	Driggs	2 Hopewell Road	As a local business owner and Glastonbury resident, I want to express my support and appreciation for the project Nick and Mary Damato have committed to with the renovation of the property at 330 Naubuc Avenue. Not only does their plan aesthetically significantly improve the surrounding area, but it also proposes bringing amazing and widely touted health benefits to the community. The modalities their new center will provide are hard to ignore in terms of their positive effect on overall wellness and longevity, and Glastonbury will be fortunate to have a place that can provide access to them. While it is increasingly difficult for local businesses to survive in Glastonbury, it is encouraging to see the Damato's looking to expand what they offer the community. Skyrocketing rents and commercial building prices are leading to an influx of national chains and franchises, and we need to do all we can to support and encourage local businesses, run by local residents, so that we can maintain the charm and feel of this special Town. We need to work closely with them to make sure unnecessary expenses are not incurred when a clearly positive change, brought by locals, is proposed. Bill 2 Hopewell Bistro & Sayulita
