

S.M.A.R.T.

Social Media And Responsible Technology

With today's advanced technology always changing it is vital that parents are aware of potential dangers their families can face. In this presentation parents will be informed about:

Social Media

Popular trends and safety tips for the most popular apps.

Cyberbullying

What it looks like, the impact it has, and how we can empower our children.

Digital Tattoo

What follows us online, who can see it and how we can take steps to control it.

Picture Sharing

The positive and possible negative consequences of sharing so much of our lives through pictures.

Gaming

Understanding the communication that happens during games and strategies to help

Parent Tips/Tricks

Learn how parents can monitor, discuss and get involved in their families digital safety.
