

Special Recognition

Each donor receives a handsome certificate, suitable for framing, recognizing the honoree and donor, and identifying the planting location.

The tree planting provides a living legacy, a cherished memory and helps beautify the town of Glastonbury and its public spaces.

Special arrangements can be made for ceremonial activities through the Parks & Recreation Department office.

Glastonbury's Living Legacy Program

The Living Legacy Program provides opportunities to remember a loved one, celebrate a milestone, or recognize/honor a special person or group.

People love to plant trees and watch them grow. What better way to create a living legacy than to plant a tree and watch it grow. A wide variety of species are needed. Varied planting locations are available including public parks, schools, and along side Town streets.

The Living Legacy Program Invites you to...

- Memorialize a loved one
- Celebrate the birth of a child
- Commemorate a wedding anniversary
- Honor a co-worker
- Recognize a group or individual
- Celebrate Arbor Day
- Establish a family tradition of giving

How it Works

Many planting locations and a wide variety of tree species are available for planting. Either we can make a selection or you can choose the location and type of tree. Our state licensed arborist will help guide your decision-making.

To help ensure tree vigor and survival, planting stock is a minimum of 2"-3" caliper. All trees are balled and burlapped (B&B) and are purchased wholesale from reputable nurseries in our area. In some instances, container grown trees may be used. You pick the tree. Leave the planting and care to us!

Select either an ornamental tree, shade tree or evergreen tree

It's as Easy as 1, 2, 3!

1. Complete the "Living Legacy Registration" form.
2. Enclose a check payable to the "Town of Glastonbury-Special Gifts" for the appropriate amount.
3. Mail your Registration Form and Payment.

We'll do the rest!
